

## The call of Yellow Vests, Commercy Assembly

We Yellow Vests of the roundabouts, car parks, squares, assemblies, demonstrations, we are gathered on January 26 and 27, 2019 in "Assembly of Assemblies", bringing together a hundred delegations, responding to [the call of Vests Yellow Commercy](#)

Since November 17, from the smallest village, from the rural world to the largest city, we have risen up against this deeply violent, unjust and unbearable society. We will not let ourselves go! We revolt against the expensive life, precariousness and misery. We want our loved ones, our families and our children to live in dignity. 26 billionaires own as much as half of humanity, it is unacceptable. Let's share the wealth and not the misery! Let's finish with social inequalities! We demand the immediate increase of wages, social minima, allowances and pensions, the unconditional right to housing and health, to education, free public services and for all.

It is for all these rights that we occupy daily roundabouts, that we organize actions, demonstrations and that we discuss everywhere. With our yellow vests, we speak again, we who never have.

And what is the government's response? Repression, contempt, denigration. The dead and thousands of wounded, the massive use of weapons by tense fire that mutilate, erode, injure and traumatize. More than 1,000 people were arbitrarily sentenced and imprisoned. And now the new law called "anti-breaker" is simply to prevent us from demonstrating. We condemn all the violence against protesters that they come from the forces of order or violent groups. None of this will stop us! To manifest is a fundamental right. End impunity for the police! Amnesty for all the victims of repression!

And what a circle that this great national debate is actually a communication campaign of the government, which instrumentalizes our wills to debate and decide! True democracy, we practice it in our assemblies, on our roundabouts, it is neither on the TV sets nor in the pseudo round tables organized by Macron.

After having insulted and treated us as less than nothing, now he introduces us as a hateful fascist and xenophobic crowd. But we are quite the opposite: neither racist, nor sexist, nor homophobic, we are proud to be together with our differences to build a society of solidarity.

We are strong in the diversity of our discussions, and right now hundreds of assemblies are developing and proposing their own demands. They concern real democracy, social and tax justice, working conditions, ecological and climatic justice, and the end of discrimination. Among the most controversial claims and strategic proposals, we find: the eradication of misery in all its forms, the transformation of institutions (RIC, constituent, end of the privileges of elected officials ...), the ecological transition (energy poverty, industrial pollution) ..., equality and the taking into account of all and all regardless of nationality (people with disabilities, equality between men and women, the end of the abandonment of working-class neighborhoods, the rural world and the other-seas ... ).

We, Yellow Vests, invite everyone with his means, to his measure, to join us. We call to continue the acts (act 12 against the police violence before the police stations, acts 13, 14 ...), to continue the occupations of the roundabouts and the blockade of the economy, to build a massive strike and renewable to from February 5th. We call for committees to be formed at workplaces, at school and everywhere else so that this strike can be built at the base by the strikers themselves. Let's take our business in hand! Do not stay alone, join us!

Let's organize ourselves in a democratic, autonomous and independent way! This assembly of assemblies is an important step that allows us to discuss our demands and our means of action. Let us federate to transform society!

We offer all Yellow Vests to circulate this call. If, as a group, yellow vests, it suits you, send your signature to Commercy ([assembledesassemblees@gmail.com](mailto:assembledesassemblees@gmail.com)). Do not hesitate to discuss and formulate proposals for the next "Assemblies of the Assemblies", which we are preparing right now. Macron Resignation! Long live power to the people, of the people and for the people.

Appeal proposed by the Assembly of Assemblies of Commercy.

It will then be proposed for adoption in each of the local assemblies.
